A semi-circular color calibration chart, often called a Munsell Color Services Lab chart, is shown. It features a wide range of color patches arranged in a fan shape, covering the visible spectrum from reds and oranges to blues and greens. A tube of paint, likely the 'Munsell Blue' mentioned in the text, is placed over the blue section of the chart.

A collage of various colored and textured fabrics. The top row shows a series of vertical strips of smooth, solid-colored fabrics in shades of yellow, orange, red, pink, blue, and grey. The middle-left section features a cluster of fabrics with a distinct woven or knitted texture in colors like red, orange, and grey. The middle-right section shows vertical strips of smooth fabrics in green, white, and grey. The bottom-left corner contains two small squares showing diagonal folds of smooth fabrics in colors like green, pink, and blue. The bottom-right corner shows vertical strips of smooth fabrics in blue, grey, and brown.
