A semi-circular color calibration chart, often called a Munsell Color Services Lab chart, is shown. It features a wide range of color patches arranged in a fan shape, covering the visible spectrum from reds and oranges to blues and greens. A color calibration target, which includes a series of color bars and a grayscale step wedge, is placed over the center of the chart.

A collage of various colored and textured fabrics. The top row shows smooth, solid-colored fabrics in shades of yellow, orange, red, pink, and blue. The middle row features a variety of textures, including a coarse grey weave, a fine red knit, and a green mesh. The bottom row displays smooth fabrics in colors like green, pink, brown, and blue, alongside a grey textured fabric. The overall composition highlights the diversity of textile materials and their visual properties.
